“I coached the Verona 8th Grade Boys in your tourney on Feb 20. Thanks for another great experience for my Verona team. It was my 4th year up there between coaching both my boys and every year has been a good time. Keep it up. Honestly, I am a bit surprised that teams continue to honor the “B-Level” thing. Some teams are all about winning and I expected that an A-level type team or two would find their way into the tournament to win it but in 4 years, I can’t say I have seen this happen. Excellent - not too many opportunities like this for the B-level kids.”

Hi Korey,

“By the way, Player’s Choice was the best yesterday. You really did a nice job and I want to thank you. I had some issues to deal with and you and your facillity were not one of them.”
